

University of Eastern Africa, Dar es Salaam

Faculty of Education
Department of Educational Studies
M.A. in Educational Studies
Semester I, 2023/2024

Course: Educational Research Methods
Lecturer: Dr. [Name]
Date: [Date]

Topic: The Role of the Teacher in the Learning Process

Objectives:
1. To understand the role of the teacher in the learning process.
2. To identify the qualities and skills of a good teacher.

Introduction:
The teacher is a central figure in the educational process. They are responsible for creating a conducive learning environment, delivering content, and assessing student progress.

Qualities and Skills of a Good Teacher:
A good teacher should possess the following qualities and skills:
- Knowledgeable
- Communicative
- Organized
- Fair
- Patient
- Enthusiastic

Conclusion:
The teacher plays a vital role in the learning process. They are the ones who inspire, guide, and nurture their students. Therefore, it is essential to invest in the development of our teachers.
